## ALL-TERRAIN FORKIFT 3,000 lb

C150H 3,000 lb TRACTION 4x2 / 4x4 COMPEN®

POWER 24.8 hp WIDTH 51.2 in TRANSMISSION HYDROSTATIC

#### **FEATURED EQUIPMENT**

**Tilting cab** for easy access to the engine and components. **Ergonomic joystick** that controls the movements of the mast and the transmission. Hydrostatic transmission to ensure smooth and safe operation for the user. Spacious driver's cab for comfortable and safe handling. Rotating beacon for increased visibility on the jobsite.

## 4,000 - 5,000 - 7,000 lb

The most advanced range of compact forklifts available on the market. These powerful and robust models are equipped with the latest technology to achieve the best offroad performance with minimal fuel consumption.

They are designed for medium-scale tasks in the construction and agricultural sectors, reaching their full potential on difficult terrains thanks to their sturdiness and high

real-time information, allowing you to run self-diagnostics without the need for any

#### **FEATURED EQUIPMENT**

Tilting cab for easy access to the engine and components. Ergonomic joystick that controls the movements of the mast and the transmission. **Steering wheel with adjustable** height and reach, for optimum operator comfort and safety. Digital screen to access machine information and on board diagnostics. Limited-slip differential on the front axle, which transmits the necessary amount of power to each individual wheel. **ECO Mode** to automatically regulate the RPM to ensure low consumption and reduced maintenance costs. Seat belt with a buckle sensor and seat with presence sensor to prevent the machine from being used without following the minimum safety procedures. Negative brake which is automatically engaged when the engine is turned off.

C201H 4,000 lb
TRACTION 4x2 / 4x4 FULLGRIP®
POWER 24.8 hp WIDTH 59.8 in TRANSMISSION HYDROSTATIC

C251H 5,000 lb
TRACTION 4x2 / 4x4 FULLGRIP®
POWER 41.8 hp WIDTH 59.8 in TRANSMISSION HYDROSTATIC

C351H 7,000 lb
TRACTION 4x4 FULLGRIP®
POWER 41.8 hp WIDTH 70.1 in TRANSMISSION HYDROSTATIC

C401H 8,000 lb **TRACTION** 4x4 FULLGRIP® **POWER** 74 hp **WIDTH** 79.1 in **TRANSMISSION** HYDROSTATIC

C501H 11,000 lb TRACTION 4x4 FULLGRIP® **POWER** 74 hp **WIDTH** 79.1 in **TRANSMISSION** HYDROSTATIC

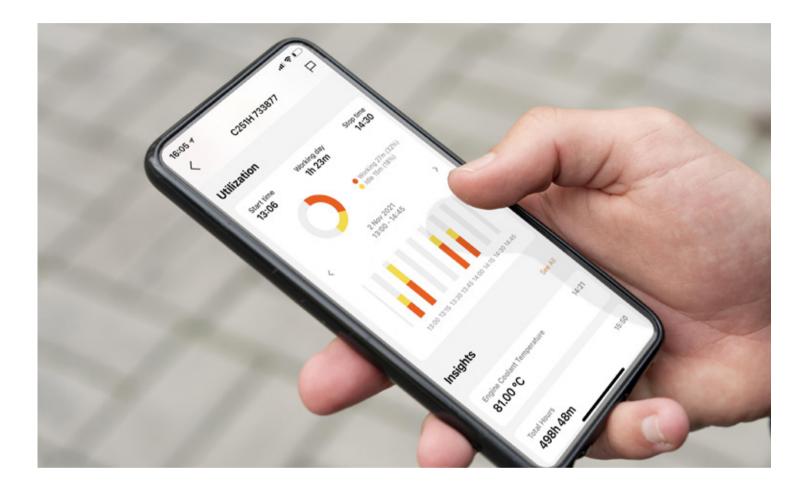

#### **FEATURED EQUIPMENT**

Tilting cab for easy access to the engine and components. **Ergonomic joystick** that controls the movements of the mast and the transmission. Steering wheel with adjustable height and reach, for optimum operator comfort and safety. Digital **screen** to access machine information and on board diagnostics. Limited-slip differential on the front axle, which transmits the necessary amount of power to each individual wheel. **ECO Mode** to automatically regulate the RPM to ensure low consumption and reduced maintenance costs. **Seat belt with a buckle sensor** and seat with presence sensor to prevent the machine from being used without following the minimum safety procedures. Negative brake which is automatically engaged when the engine is turned off.

All AUSA forklifts can be equipped with AUSAnow, the software used to remotely control machines, providing you with all real-time information.

#### Control your fleet of machines

From your office or with your mobile phone. Control all of your AUSA machines in real time. With AUSAnow you can anticipate any faults and maintenance, to reduce downtime.

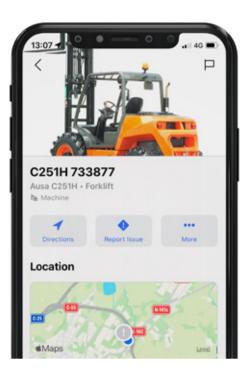

#### Get information and make decisions

View or create your own personalized charts to obtain in-depth information about the operation of your machines and make decisions that are based on analytical information.

#### **Connect security alarms**

Establish a schedule and security perimeter. If one of your machines is moved outside the established area, AUSAnow will alert you straight away so that you can deal with it.

#### Data, data and more data

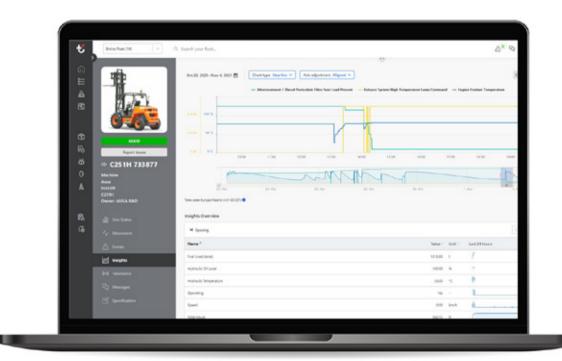

AUSAnow allows you to obtain advanced real-time information about your machine fleet. View advanced charts for customized time periods based on the parameters set by you.

#### Reduce downtime

AUSAnow connects you to your dealer or rental company, so that any appropriate maintenance can be performed. If you have a problem, AUSAnow provides you with a direct channel of communication with your machine vendor, so that it can be resolved as quickly as possible.

Preventive alerts Attach images

### (2)

#### Alarms for your peace of mind

Activate AUSA's recommended maintenance alerts and keep your machines in tip-top condition. And, for your security, you can program geofences and receive alerts if they go outside the established boundaries.

Customise a schedule Set a perimeter
